

Last Name	First Name	Hard copy	Poster #	Electronic Theme	Paper Title	Country	
ASGHAR	Nadeem	N	N/A	Y	Agriculture & Water	Developing a hydroinformatics system for water smart management of an irrigation district	Australia
BENGTSSON	Fiona	Y	1	N	Feature	SEQ Catchments - leaders in waterway restoration	Australia
BOBROVITSKAYA	Nelly	Y	2	Y	Climate Change & Rivers	Development of a hydrological network of observation in conditions of global warming on example of Yakutia, Eastern Siberia)	Russian Federation
CLOUSTON	Beth	Y	3	N	Feature	Do we know what we are buying? The development of a water quality metric for SEQ	Australia
FARAHMAND	Ali reza	N	N/A	Y	Agriculture & Water	Mutal effects of water and nitrogen on quantity and quality of tomato fruits	Iran (Islamic Republic of)
FRAZIER	Paul	Y	4	Y	E-Flows For Rivers & Estuaries	Mapping habitats with high-resolution imagery to optimize environmental flow delivery	Australia
GOLKAR	Foroogh	N	N/A	Y	Agriculture & Water	Rainfall temporal pattern of some climatic types of rain	Iran (Islamic Republic of)
HIPOLITO	Dolores	Y	11	Y	Governance & Institutional Arrangements	Governance and collaboration for sustained flood mitigation and river management	Philippines
HOUNSELL	Vanessa	Y	5	N	Feature	Traditional owner engagement within the Healthy Country program	Australia
HOWARD	Mary	Y	6	N	Upstream Effects On Downstream Communities	Aquatic ecosystem productivity relies on water managers and sustainable cities	Australia
KAILASAM	Kalithasan	Y	7	Y	The People Issues - Community Engagement	Community approach to river monitoring programme in Malaysia	Malaysia
KIM	Jinho	Y	8	Y	Water Quality - Maintenance & Monitoring	Characteristics on water quality in the rural streams in the south-west part of Korean peninsula	Korea
KISHII	Tokuo	Y	9	Y	Upstream Effects On Downstream Communities	Effect of urbanization on flood runoff	Japan
LEIGH	Catherine	Y	10	N	E-Flows For Rivers & Estuaries	Aquatic food webs in Australia's wet/dry tropics and the natural flow regime	Australia
McCONNELL	I	Y	12	N	Feature	FarmFLOW - economic and water quality benefits from sustainable grazing practice	Australia
MOSS	Andrew	Y	13	Y	Water Quality - Maintenance & Monitoring	Queensland Water Quality Guidelines - underpinning water quality management in Queensland	Australia
NGUYEN	Quang Truong	Y	14	Y	Urban Waters	Flow characteristics of a new vortex chamber type sediment extractor	Taiwan
NIKONENKO	Victor	N	N/A	Y	Water Quality - Maintenance & Monitoring	Model of transfer the atmospheric pollutions into water systems	Russian Federation
NIMMO	Julie	Y	15	Y	Governance & Institutional Arrangements	Have we agreed yet? Governance implications from stakeholder engagement in the Upper Georges River Catchment	Australia
O'HALLORAN	J	Y	16	N	Feature	FarmFLOW - saving soil loss and input costs by retaining cover in horticulture production	Australia
OLLEY	Jon	Y	17	N	Feature	Sediment budgets and rehabilitation priorities	Australia
PATCHETT	Michael	Y	18	N	Feature	Healthy Country program within the SEQ Healthy Waterways initiative	Australia
PENNY	Nathan	Y	19	Y	Climate Change & Rivers	Raising the profile on stream bed lowering	Australia
ROBINSON	Melissa	Y	20	N	E-Flows For Rivers & Estuaries	Impact of seasonal freshwater inflow on a benthic estuarine community	Australia
SCOTT	Penny	Y	21	Y	No Theme Allocated	The Green Corridor - rejuvenating the Barron River for our future	Australia
SIMPSON	Justen	Y	22	N	The People Issues - Community Engagement	NSW RiverBank – Managing NSW's environmental water	Australia
STOCKWELL	Brian	Y	23	N	Feature	FarmFLOW Framework - sustainable production systems extension for healthier waterways	Australia
TANIGUCHI	Masanobu	Y	24	Y	E-Flows For Rivers & Estuaries	Analysis of decomposition process of organic component in the Yamato River	Japan
THOMAS	Jane	N	N/A	Y	Challenges For Estuarine Health	Maryland's Coastal Bays are the focus of intensive monitoring, management, research and communication efforts	USA
TIBBETS	Ian	Y	25	Y	Climate Change & Rivers	A life full of ups and downs: dam levels and the margin-dwelling fishes in Wivenhoe Dam, Southeast Queensland	Australia
TYANTOVA	Elena	N	N/A	Y	Water Quality - Maintenance & Monitoring	Risk assessment for water of basin Protva River contaminated by aluminium	Russian Federation
WALL	Alys	Y	26	Y	E-Flows For Rivers & Estuaries	Murray-Darling Basin river health variables derived from LiDAR and airborne imagery	Australia
WATKINS	Graeme	Y	27	Y	Urban Waters	The urban water cycle and what it means today	Australia
WIJERATHNE	Anura	N	N/A	Y	Agriculture & Water	Collaborative approach on water resource management to face challenges	Sri Lanka
